What you will need:

Printed stencil

Tape

Push pin

Knife

Pumpkin

Tea light

Directions:

1. Attach the printable to your pumpkin with tape. Form it around the pumpkin by folding or trimming the edges of the paper.
2. Outline the black areas of the design with a push pin by poking holes through the pattern and into the pumpkin.
3. Remove the pattern from your pumpkin.
4. Using the knife, carve along the tack holes.
5. Show off your pumpkin proudly!

Tips: Carve by starting at the center of your design and working outward (this avoids putting pressure on areas already carved). Begin with the innermost and smallest details. As each shape loosens up, gently push it out of the pumpkin with a finger or a dull pencil point.
